Business and Economics School

The current global economy is facing unparalleled challenges and opportunities. Businesses and governments are dealing with disruptive change. This ever-changing landscape requires professionals capable of generating and managing innovation, with a profound sense of respect towards people and the environment.

The Business and Economics School of Anáhuac University has a long-standing tradition of over 50 years. It has worked for the integral development of entrepreneurs and business leaders. Our alumni manage the most important firms in Latin America, successfully expanding their businesses to other parts of the world.

Our mission is to train men and women with a solid humanistic and professional education in economics and business, for them to excel in leadership roles and make a positive impact on the world. The right balance of a solid integral formation, professional competence, critical thinking, communication, and leadership is the hallmark of our alumni.

Anáhuac University Advantages

Dual degrees

Dual degrees with top-rank partner universities in the Americas (United States), Europe (France), and Asia. You may choose among partner universities depending on the location, specialization, and financial cost (tuition, and living expenses).

Faculty-student ratio

Engaged faculty, teaching in small-class settings.

Mission-focused

Development of your whole self—your faith, your values, your mind and your passions.

English classes in a Spanish-speaking country

This is the only undergraduate program in Mexico City that can be fully taken in English (100%).

Business incubator

The Business and Economics School has its own business incubator to launch the projects of students and alumni. They can get the most of the expertise of faculty members in the different business areas.

Research-oriented

The Business and Economics School has a medium-size research arm, aimed to produce a large number of papers in different management areas. It has the purpose of advancing the state of the art in business and promoting business knowledge in different national and international forums.

Degree obtained by

Completion of credits (No thesis, nor CENEVAL/EGEL)
